Can you spot the odd one out?

## LET YOUR IMAGINATION FLY LIKE A BUTTERFLY

A butterfly makes ME HAPPY.

Use this space and your imagination to write why and how does a butterfly make YOU HAPPY. Write a poem or a story, paint a picture, doodle, or make a collage.

Can you help the butterfly get home?

YAY!  
YOU ARE  
HOME!

Butterflies are insects, and they taste food with their front feet.

Butterflies and moths are cousins! Butterflies fly in the sunlight; moths choose the moonlight.

Butterflies can see more colors than human eyes.

Butterflies have four wings and are made up of very tiny scales.

How is a butterfly known  
around the world?
